Dear Captain,

Spring is just around the corner, and with it comes the **39th Annual Ohio Charter Captains Conference!** There's no better way to get into the fishing mood and get prepared for the fishing season. Here's my personal invitation to you to join us on **March 14, 2020**.

The conference will be packed with all the up-to-date information you've come to expect. Our agenda will feature speakers on a variety of topics including Lake Erie's exciting walleye population numbers, marine electronics, effects of low oxygen zones on yellow perch, and much more. Please see the enclosed brochure for specific topics and a schedule of the day. Don't forget – a select group of vendors will be displaying products and services essential to your business.
