Who are the Friends of Stone Laboratory (FOSL)?

FOSL began in 1981 as a group to bring Stone Laboratory into the 21st century with the best possible facilities, equipment and professors. Membership provides a way for former students to support the facility by raising awareness and funds for scholarships, research and equipment.

Who are the Buckeye Friends of Stone Laboratory (BFOSL)?

The purpose of BFOSL is to create a link between the F.T. Stone Laboratory and the students of The Ohio State University. Through outreach, it is our mission to educate students about the opportunities available at Stone Lab, join students of similar interest, and enable Stone Lab alumni to interact with current and future students, faculty and staff of Stone Lab.

Don't just study it, **live it.**

Summer science courses at Stone Lab are hands-on.

Get out of the classroom and get the experience you need for your career as a scientist during a one-week or five-week college-credit course from The Ohio State University.

Scholarships and part-time jobs are available.

F.T. Stone Laboratory, The Ohio State University's Island Campus, is the Lake Erie research and teaching laboratory for the Ohio Sea Grant College Program. Course credits are based on The Ohio State University semester credit system and are transferable to most colleges.

Door prizes will be given to four high school or college students.

One lucky registered college student will win a scholarship for housing and meals for one week while attending Stone Lab in summer 2016, 2017 or 2018 (a \$415 value). The winning student must meet enrollment and eligibility requirements (award is non-transferable and other restrictions may apply).

Auction bidding typically starts at one half of the dollar value. Winning bid includes taxes if applicable.

Contact Nancy Cruickshank to make your tax-deductible contribution to the 2017 Winter Program and Silent Auction.
