

# SCIENCE FIELD TRIPS

Picture what your class could be learning on a Stone Lab Field Trip,  
ideal for students in grades 5 and older.

**Each field trip includes a Lake Erie Science Cruise and Laboratory Practice, plus additional activities:**

- Invertebrate Collection Walk
- Exotic Species Slide Show
- Island Geology
- Herpetology
- Ornithology Hike
- Fish Seining
- Climate Expedition
- Aquatic Visitors Center (AVC) Tour

## AVC Adventures

If you can't make it to Stone Lab during the school year, join us for AVC Adventures – half-day summer field trips for up to 30 people. Choose up to four one-hour activities from the following: Erie Island Cruise, AVC Tour & Fishing Fun, Birds for Beginners, Water Quality Walk, Ins and Outs of Lake Erie, Reptiles & Amphibians.
